With our ever popular model the La Vista Great Northern RD 19'6 – enjoy the benefits of the quality construction synonymous with our brand for a very affordable price.. The La Vista Great Northern RD is an on road tourer, perfect for travelers looking for adventure in comfort and style. The spacious on-road model was built to navigate the Australian landscape, with lots of standard extras others will charge you for.

Built on a Supagal G & S chassis with parallel suspension and 15' A/T tyres combining both strength and durability.

The designer colour scheme flows seamlessly between internal and external features, complimented by full extension drawer runners with ball bearing slides and attractive brushed aluminum push handles with inbuilt lock mechanisms.

Living and storage space is plentiful; generous floor plans are paired with large size Euro-style windows maximizing internal natural light, and spacious floor to ceiling wardrobes with built-in dressing tables. And the Australian-made inner spring queen size will ensure a great night's sleep every night.

And with its unbeatable competitive price tag, the La Vista Great Northern RD offers holiday-makers a great value for money holiday home that they can take anywhere.
